In this important new story over at WND (<https://www.wnd.com/2022/08/biden-planning-protect-us-cash-beginning-dec-13/>) that Steve Quayle linked to on his America that if Robert Kiyosaki, investment guru and author of the personal finance book "*Rich Dad, Poor Dad,*" (<https://amzn.to/3pcJ8bf>) and former CIA emp treasonous act in US history (<https://www.ibtimes.com/kiyosaki-warns-about-eo-14067-calls-cbdc-creation-communism-its-purest-form-3578565>)'.

With Kiyosaki and Rickards warning December 13th marked the date when Joe Biden's *Executive Order 14067* (<https://www.presidency.ucsb.edu/documents/e-Assets>), signed on March 9th of 2022, would do away with our current monetary system, as that WND story reports, when that warned of day happens, "paper

Ushering in a new '*digital age*' in which '*money*' could be much more easily '*controlled*' than the current dollar system, while we here at ANP absolutely hate to system will allow '*government*' to do, quite literally allowing them to '*turn off*' our '*money*' if we don't '*comply*' with their agendas.

Turning America into something that looks a lot like what's happening now in China where their social credit system allows '*govt*' to give poor scores to people social-credit-system-punishments-and-rewards-explained-2018-4) and take away freedoms, as one ANP reader warned us while sending us that WND story vi of billions in the last year. Use the fiat to buy up everything, then crash the system. Enact the digital "mark" and force all of us into slavery.

So with every day pushing America closer and closer to something that looks much more like a slave colony than a free country, and the globalists using their '*and be happy.*'"

Warning within that video that all of these globalist ideologies are both dangerous and evil, they also quote Henry Kissinger whose words give us a look at the f

And Kiyosaki and his guests warn us bluntly, History tells us this is true.

According to this story over at NH Global Partners (<https://nhglobalpartners.com/china-social-credit-system-explained/>), 2022 marks a new phase in the devc cities having introduced some version of the system, or being about to do so" and "*the implementation of the system for corporations especially advanced credit system*".

With that story showing how fast things are accelerating in China towards the full implementation of their digital tyranny system, it also reported that back in 2019 they implemented **an Orwellian system premised on controlling virtually every facet of human life** – the so-called “social credit score.”

And with Business Insider back in December of 2021 reporting (<https://www.businessinsider.com/china-social-credit-system-punishments-and-rewards-explain-bans-if-the-Communist-Party-deems-them-untrustworthy>), it doesn't take too much imagination to **imagine what Democrats would do should they have the power to do so**.

And as that previously mentioned WND story alluded to, just **imagine them having the power to turn off our debit cards as we stood in line at the cash register** following excerpt comes to us from this WND story (<https://www.wnd.com/2022/08/biden-planning-protect-us-cash-beginning-dec-13>):

Some of America's smartest men, including Robert Kiyosaki, investment guru and author of the personal finance book "Rich Dad, Poor Dad," have some choice words. Kiyosaki called President Joe Biden's signed executive order "**the most treasonous act in U.S. history**" and the creation of Central Bank Digital Currencies, CBDC. He is joined by Jim Rickards, another economist, investor and former CIA official who is calling it a step toward the end of cash, the greenback, in circulation since the 1970s. Rickards has four decades of experience on Wall Street. Rickards criticized CBDC and labeled it as "Bitcoin's Evil Cousin." He also exposed the supposed single-point-of-failure **systems in the U.S.**

He said when what he calls "C-Day" **happens, paper money would be worthless and the U.S. dollar would crash. He further added that consumer spending would drop significantly**. Executive Order 14067, titled "Ensuring Responsible Development of Digital Assets," includes developing policy plans and the organization of federal regulatory agencies, and that ensures the global financial system has appropriate transparency, connectivity, and platform and architecture.

Notes Rickards, "Thanks to Section 4 of Biden's Executive Order 14067, calling for urgent research into developing the digital dollar, I believe the U.S. dollar, the American dollar, the Bucks' because I want him to take full credit for what I consider to be crimes," says Rickards.

"This is not like the money in your online bank account ... No, this is new and different. **Every digital dollar will be a programmable token**, like bitcoin or other cryptocurrencies. **They will REPLACE the cash ('fiat') dollar we have now. And will soon I believe**

(https://blogger.googleusercontent.com/img/b/R29vZ2xl/AVvXsEiHR0f6Q2QHNG2hrh1H92p2RNhxyGntzYDrVTmQLokDNzZSgOo1Krb27E4brfML9dLFCRPeTO3w0XiD7hAAaVxPhE/s500/imageedit_

Also warning that this new system will be used to push such pet projects of the left as electric vehicles and green energy, their story warns of scenarios like this: **You want to keep your internal combustion engine car? Your digital dollars suddenly won't pay for gas. You'll be forced to buy an electric vehicle.**

Rickards calls it "**the tip of the fascist iceberg**."

"America would become a surveillance state like China or North Korea" he says.

So with what's already happening in China giving us a good look at America's future if the globalists get their way, in the 1st video below we hear from Robert Kiyosaki 12 months ahead.

Tacking a whole slew of the globalists agendas, including their war upon food, one of the guests in this video, Mark Moss, author of a new book "**Uncommunist the next 24 months**."

With Fox News in the 2nd video below taking a look at Biden's executive order on crypto, what former acting Assistant Treasury Secretary Gregory Zerzan tells us 12 months ahead with the hiring of a huge number of agents as heard in the final video below.

Good job guys! Keep agreeing with the Elites and playing the poor me victim. Just lie down and let them do it because you are weak and helpless. IS THIS THE KIND OF LIFE YOU WANT FOR YOU AND YOUR CHILDREN??? Then STOP AGREEING WITH THEM AND START DENOUNCING EVERY ONE OF THEIR PLANS. WE WILL NOT COMPLY!!! WE WILL NOT SURRENDER. WE WILL NOT STAND FOR IT.

Schwab told his elite buddies to prepare for an angrier world.

Imagine if those who cause all the anger are suddenly killed off by angry peasants.

It would still have its problems , but the world would be far less angry if the elites were eliminated and everyone lived their lives as free people.

Traitors want to control the narrative. Just look at how on the MSM they will tell a complete lie and not let people comment or if they do and the people call them out on their lies then they end the comments but they will allow comments on some brain dead liberal bullshit no one cares about. Fk the news and thier lies.
